Japanese Policy Will be Pacific

(Copyright, 1916, by The A. P.)

TOKIO, Oct. 11.—Fears of a section of the Japanese public, which have been an echo in the United States and China that the coming into power of the new ministry may be tantamount to war, were discussed frankly yesterday by Premier Count Seiki Teruchi, in giving to the Associated Press the first statement he has made in regard to the foreign policy of the administration. The premier gave expression in a sentence to the spirit which he declared would animate his dealings with other nations. It was the assertion that Japan would not take any aggressive step toward the United States or any other country "so long as Japan's vital interests and dignity are not infringed."

"Any idea that I shall 'wave the sword' while I am prime minister of Japan is based on a false comprehension of my career and a complete misconception of the Japanese empire, its past and its hopes and ideals for the future," he said.

"The dramatic summons to the premiership of Field Marshal Teruchi, Japan's dominating military figure, has excited a discussion overshadowed by no single event in modern Japanese history.

In view of the world wide interest in the significance of his appointment and the misgivings it apparently has caused, the premier, who has long had the reputation of taciturnity, consented to break his silence and give to the world, through the Associated Press, a general idea of his purposes and policies. During the interview

RAILWAY OFFICIALS ASK INSPECTION TEST

(By Associated Press.)

WASHINGTON, Oct. 11.—A committee of railroad officials, headed by A. P. Thom of the Southern railway, asked the Interstate Commerce commission to supervise closely the postoffice department's test of the space basis for railway mail pay, which is to begin November 1, under the new postal laws. The roads asked that mail handled on space calculations during the test be weighed also for the sake of comparison. Under the law the commission finally will decide whether the space basis is to be made permanent.

FIFTEEN BILLIONS IS PRESENT COST OF WAR

(By Associated Press.)

LONDON, Oct. 11.—The house of commons today began considering the serious problems resulting from the war with the introduction of Premier Asquith's new note of credit of three hundred million pounds. This permits the members to discuss any subject. The vote is the thirteenth since the war outbreak, bringing the total up to three billion, one hundred thirty two million pounds.

FORMERLY CARRANZIST, DESERTS NEW COMMAND

(By Associated Press.)

DOUGLAS, Ariz., Oct. 11.—Colonel Siverter Quevedo, a former Carranza commander, after being liberated by Villa from the Chihuahua prison, where he was under death sentence, and given a bandit command, has deserted the bandit chief and is now on route to Agua Prieta with fifty Villa followers, according to a report received from Sahuaripa by Major Benavides.

Quevedo, the report stated, was sentenced to be shot by court martial for raiding a ranch owned by Carranza adherents and escaped during the Villa raid of September 16. After receiving a Villa command, it is stated, he left the main body and marched to Dolores, where he dispatched word to General P. Elias Calles that he would surrender upon promise of amnesty. Upon receipt of such assurances he was said to have started for the border.

CAL BROUGHER BUYS THE TONOPAH DIVIDE

(By Associated Press.)

H. Cal Brougher's errand to Tonopah was to view the estate of the Tonopah Divide Mining company, a property in which he has been interested for the past fourteen years. It has at various times been a producer from shallow tunnel workings. The shaft that was sunk on the flat was not continued deep enough to catch the veins which dip out of the hill.

There were, however, other veins, not showing in the porphyry on the eminence, that were on the verge of being profitable in the early days, but which now might give a slight margin of profit. Mr. Brougher, a short time ago put up to George Wingfield, who held control of the property, a proposition to either buy or sell, as he was desirous of developing the ground, which recently has been so well proven up by the successful work of Messrs. Grimes and Hansen, who were leasing on one of the blocks.

Mr. Wingfield sold and now Mr. Brougher is in the saddle. He informs the Bonanza that he will either work the property himself or put it into the hands of someone who will. Jim Butler is holder of some forty or fifty thousand shares of stock in the company and is also eager to have

NATIONAL GUARD ON THEIR RETURN HIKE

(By Associated Press.)

EL PASO, Oct. 11.—The Thirteenth Pennsylvania infantry arrived here yesterday in command of Colonel Ezra Ripple, Jr., completing the mobilization of the Pennsylvania national guard; Company A of the Michigan engineers and Company A of the Michigan signal corps also arrived.

The troops of the national guard regiments that have been on a practice march to Las Cruces, 45 miles north of here, are now marching back, having left Las Cruces this morning.

WILL ENLIST OLD MEN FOR MILITARY DUTY

(By Associated Press.)

LONDON, Oct. 11.—A Reuters dispatch from Amsterdam says that the Tageblatt of Berlin says that examination of military clauses of the 1870 and 1875—men between 58 and 63—takes place this month in Brandenburg, wherein Berlin is located. It says the orders include those who previously had been declared unfit for military duty.

SULLY GROUP BOUGHT BY TONOPAH EXTENSION

(By Associated Press.)

A deal that has been under consideration for some time came to a conclusion yesterday when the Tonopah Extension Mining company, through its president, Dr. M. R. Ward, and its general manager, John G. Kirchen, purchased from Walter Lamb, representing himself and his associates, the Sully group of claims lying north of the Victor.

The consideration is said to be in the vicinity of \$50,000 in a form that is practically cash. This addition to the estate of the Extension gives it access to a section of the district through which known lodes are expected to trend. A crosscut is now out about six hundred feet from the Victor shaft in that direction and is believed to be in the Mizpah fault.

IN REGRETFUL MOOD

(By Associated Press.)

LONDON, Oct. 11.—In the house of commons announcement was made by Lord Cecil, war trade minister, that the reply of the American government with respect to permitting belligerent submarines to enter neutral ports has been received. Lord Robert said he regretted, but at the present he was not disposed to make a further statement.

HE'S A DEAD ONE

(By Associated Press.)

SAN FRANCISCO, Oct. 11.—Joseph J. Carroll, clerk in the postoffice, killed recently he was officially "killed in action in the Philippines in 1910," when he applied for relief under the indemnity act recently passed by congress. Efforts are being made to have Carroll officially "resurrected."

FUNERAL SERVICES

(By Associated Press.)

The funeral of the late Clayton Meyer will take place at 2 o'clock tomorrow afternoon. Services will be held at the home of his parents on St. Patrick street. The interment will be in the Tonopah cemetery.

RUMANIANS PURSUED

(By Associated Press.)

BERLIN (official), Oct. 11.—Pursuit of the second Rumanian army, defeated by the Austro-Germans at Kronstadt, in Transylvania, continues.

work resumed. This property adjoins the Mammoth, which is owned by R. B. Gowan and Wm. Taylor. They are developing it under the leasing system.

Battle Tide Now Ebbs and Flows

(By Associated Press.)

Submarines of belligerent powers visiting American waters will be accorded the treatment which is their due as warships under international law. This fact has been made known to the entire allied powers by the state department at Washington in answer to an identical memorandum from Great Britain, France, Russia and Japan asking that submarines of every character be prevented from availing themselves from the use of neutral waters and that such vessels entering neutral harbors be interned.

To a seemingly implied warning in the entire allied note that American submarines might be mistaken for neutral warships for enemy submarines should they navigate waters visited by belligerent submarines, the state department announces that responsibility for the failure of a warship to distinguish between submarines of neutral and belligerent nationality "must rest entirely upon the negligent power."

President Wilson and Secretary Lansing have discussed at length the visit of a German submarine to waters adjacent to the coast of the United States and will continue their conference today. The German undersea craft which played havoc with enemy and neutral steamers off Nantucket Sunday has not been heard of since the last steamer was sent to the bottom Sunday night.

DUTCH STEAMER SUNK AMERICANS SAVE CREW

(By Associated Press.)

ROTTERDAM, Oct. 11.—The Holland-American line has received only a brief report of the sinking of the Dutch steamer Bloemerdijk and the rescue of her crew by the American destroyer Benham. This report says the submarine commander "informed the captain of the Bloemerdijk that he would sink any ship bound by way of an English port."

The steamship company's directors shortly will discuss the new situation with the minister of foreign affairs, but meanwhile will not alter the sailing dates of the company's vessels. The value of the Bloemerdijk was about \$1,000,000, half of which was insured against war risks. The grain cargo, for the Holland government, however, was not so insured, as the government carries its own war risks.

ARGUMENT PROBABLY WILL BE COMPROMISE

(By Associated Press.)

ATLANTIC CITY, Oct. 11.—American members of the Mexican-American joint commission met the Carranza members for further consideration of different plans suggested for protection of life and property along the Mexican border. When the agreement reached it probably will be a compromise plan wherein the good points of all suggested will be incorporated. Both sides profess to believe that final agreement on a feasible plan for border control will be adopted but are unwilling to prophesy the culmination of the deliberations for some time.

HOTEL GOLDEN FIRE INCENDIARY ORIGIN

(Special to the Bonanza.)

RENO, Oct. 11.—An incendiary attempt to destroy the Hotel Golden by fire at 1:40 this morning imperiled the lives of two hundred guests. Ten minutes after it was discovered smoke filled every crevice in the house and panic stricken guests fled without time to dress. Dense volumes of smoke filled the rooms. Firemen raised ladders from a rear alley and rescued some fifty men and women who flocked to the windows when they found escape by the elevator and front stairway was cut off. The fire started fifty feet from the furnace, effectually dispelling the theory originally entertained. The entire ground floor was gutted and part of the second story was badly burned. The loss is \$20,000. No motive is ascribed for the crime. There were no casualties.

NO SUBMARINE SIGHTED

(By Associated Press.)

SAVANNAH, Ga., Oct. 11.—The report that a submarine is lurking outside the harbor failed to materialize. It is generally discredited by shipping men. The British steamer Noya cleared today.

DANCE TONIGHT

(By Associated Press.)

After the speaking of the Democratic state candidates at the Air-drome, an informal dance and reception will be given by the ladies, under the auspices of the Pittman-Wilson Club. Everybody invited. Adv. Oct. 11

French troops fighting south of the Somme have bent German lines considerably over a front of about two and a half miles from Boven to the Chaulnes wood, capturing in the operation the village, the north and west outskirts of Abailcourt, and most of Chaulnes wood.

Little activity was shown on the British front.

In Transylvania, the Germans are closely pressing the retreating Rumanians. In the fighting around Kronstadt, 1177 Rumanians were made prisoners.

The Galician village of Herbutow has been stormed by the Germans, and in Volhynia the Russians have been driven out of advanced positions northwest of Lutsk.

Along the Struma river in Greek Macedonia, the forces of the Teutonic powers have evacuated Chavdar, Mah, Ormanli and Haznadar. North-west of Sares, the British have taken from the Bulgarians the towns of Kalendra and Homondos. Berlin says that along the Verna river, where the entire allies have been making progress, all attacks have been repulsed. The usual artillery bombardments are in progress in the Austro-Italian theater.

Christiania advises that two German submarines operating in the Arctic ocean have been sunk by a Russian torpedo boat while they were attacking a wireless station on the Murman coast.

CARRANZA SOLDIERS SEEK BANDIT TROOPS

(By Associated Press.)

EL PASO, Oct. 11.—A force of Carranza soldiers has been sent out from Jimenez, 120 miles south of Chihuahua City, to the Rio Florido district near there in pursuit of a band of Villa soldiers who were reported moving northwest towards Villa's base at Matamoros, advices received at the Carranza consulate from Chihuahua City state. The Jimenez command is in charge of General Domingo Arrieta.

Fresh troops which have arrived from the south are being given new mounts and equipment at Chihuahua City, the message states, and are being prepared for field service against Villa's troops in the western part of the state.

NOTES OF PROTEST ARE SENT TO MR. WILSON

(By Associated Press.)

LONG BRANCH, Oct. 11.—Secretary Lansing declined to discuss the conference last night with the president regarding German submarine activity on the American coast. He departed for Washington. He talked to the president briefly before his departure. An official said that no statement would be made of Lansing's visit. The president received many telegrams urging that some action be taken to prevent repetition of submarine attacks near the American coast.

MAYOR IN CRIMINAL COURT

(By Associated Press.)

CHICAGO, Oct. 11.—Mayor William Hale Thompson, Chief of Police Healy and others from the city hall appeared in the criminal court to answer subpoenas in connection with State's Attorney Hoyne's announcement that he would seek indictments of the chief for alleged protection of gambling in vicious resorts and saloonkeepers violating the Sunday closing law.

MOB AND POLICE BATTLE

(By Associated Press.)

BAYONNE, N. J., Oct. 11.—Four policemen were shot in a battle late yesterday with striking employees of the Tidewater oil company after they had been attacked by a mob. They had been fired and eight of the strikers were wounded, four of them so seriously they may die. None of the policemen was dangerously wounded.

ALL QUIET ON THE ATLANTIC

(By Associated Press.)

NEW YORK, Oct. 11.—Nothing to indicate the presence of a German submarine off the American coast was observed by incoming steamships after voyages from the east or south. No unusual activity on the seas is reported, nor any entente warships sighted.

GOVERNMENT IN REPLY TO THE NOTE OF ALLIES

(By Associated Press.)

WASHINGTON, Oct. 11.—The text of the American memorandum, replying to that of the allied governments regarding treatment of belligerent submarines in neutral ports, is as follows:

The government of the United States has received the identical memoranda of the governments of France, Great Britain, Russia and Japan in which neutral governments are exhorted "to take efficacious measures tending to prevent belligerent submarines, regardless of their use, to avail themselves of neutral waters, roadsteads and harbors."

This government points out the facility possessed by such craft to avoid supervision or surveillance or determination of their national character and their power "to do injury that is inherent in their very nature," as well as "the additional facilities" afforded by having at their disposal places where they can rest and replenish their supplies.

Apparently on these grounds the allied governments hold that "submarine vessels must be excluded from the benefit of the rules heretofore accepted under international law regarding the admission and sojourn of war and merchant vessels in neutral waters, roadsteads, or harbors; any submarine of a belligerent that once enters a neutral harbor must be held therefore" and therefore the allied governments warn the neutral powers of the great danger to neutral submarines attending the navigation of waters visited by the submarines of belligerents.

In reply the government of the United States must express its sur-

(Continued on page four)

WHEREABOUTS OF U-53 REMAIN A MYSTERY

(By Associated Press.)

NEWPORT, Oct. 11.—The whereabouts of the German submarine U-53 remains a mystery. It disappeared apparently completely after completing its work of destruction Sunday. The movement of allied warships which supposedly increased the vigilance of their patrol after receiving word of the submarine's activity, remains unknown here.

EPISCOPAL BISHOPS MEET IN CONVENTION

(By Associated Press.)

ST. LOUIS, Oct. 11.—Arrayed in rich ecclesiastical robes, the bishops of the Protestant Episcopal church marched to Moab temple as a prelude to opening the session of the forty-fourth triennial convention. The pageant was witnessed by thousands. The bishops marched in inverse order to their consecration, Bishop Tuttle ending the line. The opening session began immediately after the procession.

REFUGEES LEAVE PARRAL

(By Associated Press.)

EL PASO, Oct. 11.—Refugees are leaving Parral, Chihuahua, fearing an attack by Villa bandits on October 15, a report received here stated. The report also stated that General Luis Herrera, commanding the Parral garrison, had sent his family to Mexico City together with the family of his father, Jose De La Luz Herrera, mayor of Parral.

FOOD PRICES STILL SOAR

(By Associated Press.)

WASHINGTON, Oct. 11.—The prices of food and farm products continue to rise. Producers were being paid 27.6 per cent more on October 1 than a year ago, the department of agriculture announces. The price level increased 1.3 per cent during September, compared with a decrease of 3 per cent in September of the last eight years. October 1 two years ago the prices were 19.9 per cent lower than this year. The 23.8 per cent lower than on October 1.

OLD TOWN IN RUINS

(By Associated Press.)

KELSEYVILLE, Cal., Oct. 11.—Half of Kelseyville is in ruins as result of a fire starting last night in the business section, destroying the business block. The loss is estimated at \$60,000. Defective electrical wiring is blamed.

FRENCH GAIN GROUND

(By Associated Press.)

PARIS (official), Oct. 11.—Last night the French gained ground south of the River Somme. The Germans attacked heavily near Schoenhausen, in Vosges, and after violent shelling penetrated the French trenches, but were repulsed by a grenadier corps.

Boston Again at The Longer End

1 2 3 4 5 6 7 8 9

Boston 0 3 0 1 1 0 0 0 0
Brooklyn 2 0 0 0 0 1 0 0 0

R. H. E.

Boston battery—Leonard and Car-

rigan.

Brooklyn battery—Marquard and

Meyers.

Johnson scored for Brooklyn in

first.

Gardner brings in Hoblitzel and

Lewis with homer in second for

Boston.

Lewis scores in fourth for Boston.

Cheney pitching for Brooklyn in

sixth.

Hooper scores for Boston in fifth.

Janverin scores for Boston in

seventh.

Rucker pitching for Brooklyn in

eighth.

(By Associated Press.)

BROOKLYN, Oct. 11.—Defeating

the Brooklyn Nationals by a score of

6 to 2, the Boston Americans have

the world's championship series al-

most within their grasp. The series

stands Boston 3, Brooklyn 1. Dutch

Leonard's drop curve and speed ball

were Brooklyn's undoing. After the

first inning, when Brooklyn nicked

him for two runs, the Boston south-

paw held the National league cham-

pions helpless. Marquard started for

Brooklyn, but a base on balls, fol-

lowed by Lewis' double and Gardner's

homer, baffled the Brooklyn pitcher

and he was taken from the box after

the fourth inning.

Weather for the fourth game of

the world's series is again clear and

cool, but not so unseasonably cold as

yesterday. The air is mellowed by

breeze.

The Brooklyn fans did not mind the

cold weather. They were elated be-

cause of yesterday's victory over the

Red Sox. The enthusiastic crowd

that came early to the field would

have felt comfortable on an iceberg.

The crack of Brooklyn bats toppling

over Boston were still echoing over

Ebbers' field when the spectators

began gathering, and the crowd was

in high humor over the prospects for

another win over Boston. The tem-

porary stand in deep left was first to

fill, while the reserved stands and

boxes remained half vacant until an

hour before play was called. Not a

cloud flecked the sky, but there was

enough autumn haze to kill the high

sky, proving troublesome to outfield-

ers playing in the sun.

It grew warmer toward game time.

Brooklyn took about an hour's bat-

tling practice, using three pitchers.

Boston also practiced, batting Long

with Penock in the box.

FIVE MEN INJURED IN DYNAMITE EXPLOSION

(By Associated Press.)

CHICAGO, Oct. 11.—Five men in a tunnel half a mile out from the shores of Lake Michigan and 150 feet beneath the water were injured in an explosion yesterday when a dynamite cartridge was accidentally exploded by a blow from a pick. The tunnel, which is to be built three miles into the lake for a pure water supply, was not greatly damaged, although there were fears that its walls had been so weakened that the men would be in danger from down-

TWELVE BILLIONS TO BE NEW WAR CREDIT

(By Associated Press.)

LONDON, Oct. 11.—The bill for the new war credit of twelve billion marks will shortly be submitted to the reichstag. Only one of a precautionary character is deemed necessary because the margin between the credit granted in June last, totaling fifty-two billion marks and forty-seven billion raised through five war loans, has become rather small. The new war loan is not expected to be floated before spring. The government is hoping to manage with funds held in short term treasury notes.

POLICE WITH RIOT GUNS STAND GUARD

(By Associated Press.)

BAYONNE, Oct. 11.—Virtually all the police in the city are guarding the plants of the Standard Oil, Tidewater Oil, Bergen Point Chemical works and Vacuum Oil companies at Constance Hook, where four policemen and nine rioters were wounded in yesterday's fight between the police and a thousand strikers. Two of the strikers are not expected to recover. The police were not dangerously hurt. Police armed with repeating rifles and riot guns are entrenched before the yards of the Tidewater Oil, while the strikers are gathered a block away. The police arrested two after a disturbance this morning. There appeared, it is said, strikers carrying weapons.

BELIEVE CREW PERISHED

(By Associated Press.)

NEWPORT, Oct. 11.—The United States destroyers that had been searching for the crew of the steamer Kingstorian, sunk by the U-53 Sunday, have returned, not having found any trace of the steamer's boats. The sea was rough and the weather cold yesterday and last night. It is believed the crew perished.
